IE Campus Users Manual

Select Your Graphics Preference

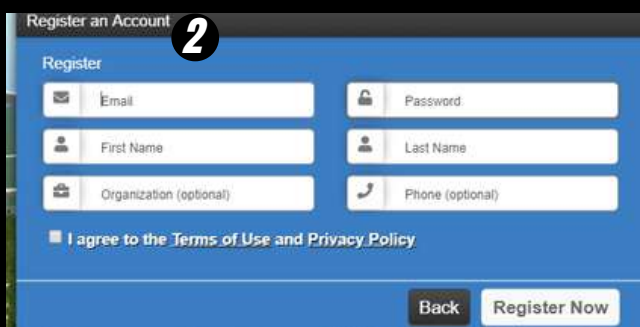

1. Select "Windowed" if you don't want IE Campus to take up your whole screen.
2. If you want, select your preferred resolution.
3. Try the "Best" graphics quality, but if you notice stuttering or other performance issues, try one of the lower settings.
4. When you're ready, click play!

Create Your Account

1. Click "Register" and fill out the Register an Account form.
2. After completing the form, you will return to the login screen.

Your password needs to contain min. 8 characters including 1 uppercase (capital) letter.

3. Once registered, log in with your email address and password.

Customize Your Avatar

1. Use the panel on your left to customize your avatar. You can return to this screen at any time if you want to make changes later.

2. Click the green button at the bottom right corner when you're ready to exit from changing room and enter IE Campus

Test Your Microphone

1. Click the gear icon in the top right corner and then select "Mic Settings".

2. Make sure the microphone you want to use is selected. You can click on "Windows/Mac Sound Settings" to see how the sound settings are configured on your computer.

3. Press Done.

Explore the World

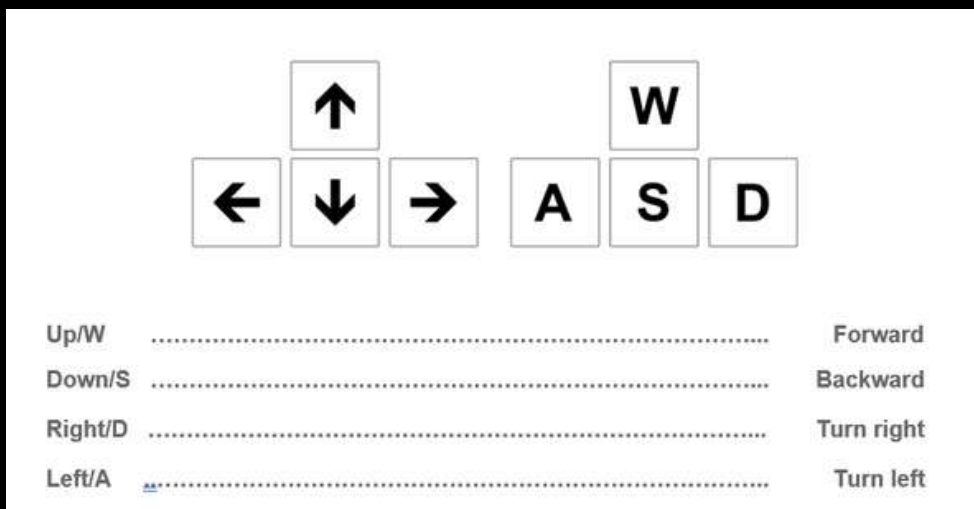

1. You can point and click with your mouse to move around, or use the wasd keys on your keyboard to move. Hold shift to run.

2. Click left bottom Mic button to turn your microphone on or off. You can also hold the 1 key to activate your microphone in the "push to talk" style.

3. There's a text chat window that you can use to chat and share files with other people in the Campus or Gear icon - Find user send private message

4. Use the Go To menu in the top left to find a list of all the rooms that you can teleport to in the Open Campus. Check out the Auditorium, Classrooms, Theater and Offices!

Looking Around

By default, the camera is locked behind the avatar and follows their movement. By unlocking the camera, you can use the mouse to look around by clicking the Space Key on your keyboard. Your avatar's head will tilt in the direction you are looking.

Reinitialize Voice

Some users may periodically experience issues with the voice server in the campus. If you are unable to hear other users, or they are unable to hear you, follow these steps:

1. Select the Gear Icon in the top right corner of the window.
2. From the menu, select the "reinitialize voice" option. This will reset your connection, and hopefully fix and issues.
3. Test connection with friends to make sure everyone can hear each other.
